Tags:

Congratulations to our Dulux Merrifield production team who recently participated in the 27th Annual Australian Corporate Games.

The Corporate Games are a series of sporting events involving some 20,000 entrants from 3,000 different organisations. The Games encourage organisations to support their employees pursuit of a healthier and more active lifestyle, with funds raised going to Beyond Blue.

Merrifield organised three teams for the Games - a female and male basketball team, and a mixed soccer team. The teams approached the competition with varying levels of commitment. The most committed team (to their preparation), the female basketball team, walked away with bragging rights, finishing in overall third place. The other teams had a lot of fun and are committed to reflecting on their achievement with an aim to improve ready for next year.

There was an amazing effort from all who participated, and the teams showed great support for one another while having a great time.
